

HB&G® PermaCast® Columns are available in round or square. The round columns are fluted or plain, with or without the classic tapering of the upper two-thirds of the column. Square columns are available in a variety of styles as well, including plain or fluted, applied panel,

recessed panel, or the Craftsman style column. The PermaCast® capitals and bases are made from durable low maintenance materials; and, like the columns, they maintain architectural authenticity and historical accuracy.

*Products shown have been finished for demonstration purposes. PermaCast® and RoughSawn® Columns ship unfinished.

See pages 17 and 18 for cap and base dimensions.

Design: 100P (Plain)—100F (Fluted)—Cap: Tuscan—Base: Tuscan
