Intro to Ice Skating Program Information (cont):

How should adults dress for comfort?

- Warm jacket, pants, mittens or gloves
- Warm socks and shoes or boots
 - Shoe/boot bottoms must be free of dirt before stepping on ice

What is meant by “sharp” blades?

- Blades must have a concave groove to supply edges that will grip the ice
- Edges must be even (one edge should not be higher than the other)

What else do I need to know about blades?

- Blades should be dried with a cloth after each use to prevent rusting
- Rust should be removed from blades before attempting to skate – usually accomplished by sharpening

What are “skate guards?”

- Plastic covers that protect blades while walking on non-padded and non ice surface
- Guards should not be kept on skates when stored in bag as this will cause blades to rust

What are “soakers?”

- Cloth covers for blades
- Absorb moisture when skates are not being worn
- Protects blades when stored in bag

What if I have additional questions?

- Please feel free to approach your (your child's) instructor with any additional questions. We are all dedicated to making your (your child's) experience as positive and productive as possible and are more than happy to guide you appropriately through your (your child's) skating experience.

How to lace skates-

Time Required: The time for this task can take anywhere from two to ten minutes, depending on experience.

Here's How:

1. **Loosen up the skates.**

By pulling the laces out a bit, the foot can be put inside easily.

2. **Stuff the feet inside the boots.**

Make sure the socks are straight and the foot is placed inside the boot all the way. Put the toe of the foot in first and then push the heel all the way down.

3. **Tighten up the laces in the first half of the boot.**

Work up from the toe to the ankle. Don't pull the laces too tight in this area. Just make sure that each pull is somewhat secure.

4. **Tighten the laces the most where the foot and the ankle bends.**

This is the most important part of lacing figure skates. Give the laces a good tug at this point and pull hard.

Suggestion: *Just before starting to lace the hooks, wrap one lace around the other twice to keep a snug fit over the arch so the laces won't slip.*

5. **Next lace around the hooks.**

Make a criss-cross pattern with the laces and pull with both hands around each hook. Some skaters like to put the laces over and under the hooks; others like to put the laces under and then over. Either option is correct.

Again, don't pull the laces too hard. Leave some room for the ankle to bend.

6. **Finish with a secure bow.**

It is recommended to double knot the bow. Some figure skaters leave the top hooks empty while breaking in new boots.

7. **Tuck the bow's loops inside the tops of the boots.**

This will prevent the blade from catching the bow's loops and also keeps the top hooks from coming loose.

Tips:

1. If the skates don't feel secure after being laced up, the laces are too loose, and lacing should be done over again.
2. Figure skates should not be too tight. If a skater can't bend his or her knees, the skates are too tight.
3. Make sure the tongue of the skate is straight and does not slip under the laces.
4. Skates must fit. If the boot is too big, lacing the skates tightly will not improve the ice skating experience.
5. Wear a sock that fits and make sure that no wrinkles are in the sock as the foot is placed inside the ice skating boot. Wearing thick socks is not recommended for figure skating.

Why get a Rec Card?

1. Program discounts for City and School district residents. Without a **REC CARD** or proof of residency at the time of registering or paying for a program you will be charged the highest rate.
2. Simpler registration and less paperwork for you. The **REC CARD** is good for two years and serves as your permission agreement for any recreation program. Simply include your **REC CARD** number on the registration form or show your **REC CARD** at the time of registration. This eliminates the necessity of completing permission agreement forms for every program you register for or are participating in.
3. Free Open Gym. **REC CARD** holders can participate in Free open gym. Non **REC CARD** holders must complete additional paperwork.

*All individuals who want to participate in Recreation Department programs, regardless of residency, should apply for a **REC CARD**.*

*If you live outside the School District, proof of residency is not needed but you should still obtain a **REC CARD** to participate in programming so you do not need to complete the additional paperwork each time you participate.*

Where to use your Rec Card?

1. **Programs-** When registering for a program (soccer, basketball, clinics) include your **Rec Card #** or show your card at the time of registration. You will not be required to complete the permission agreement forms and you will receive the appropriate discount.
