Dear Sir;

I am a resident of Elizabeth Lane and have been for over forty years. I have a concern for a letter concerning a front entrance and a porch addition at 21 Elizabeth Lane Tax parcel # 10-2-37. I am almost directly across from 21 Elizabeth Lane.

The most concern I have is with the porch addition which would impact my small amount of privacy at my residence. The street has never had a great amount of extra space or a lot of privacy. The homes are not large nor do they have any amount of extra privacy. This addition of a porch will further impact our enjoyment of our property. My neighbors seem to agree with me.

Thank you for your attention to this matter.

Very Truly,
Thomas Wilson
