

Saratoga Springs Recreation Commission Meeting
February 23, 2021
Youth Parking 2021

Each year, with the exception of last summer, the Recreation Department runs the Youth Parking program at the Saratoga Spa Race Track and the Putnam Street parking garage's lower deck, 21 Putnam Street, located across the street from Ben and Jerry's. The program is designed to hire youth and proceeds benefit the Recreation Department's programming. With the potential of no race fans this year, I am looking for approval to expand our program at the Putnam street garage to include the upper deck. The expansion will allow us to hire additional youth and also bring in additional revenue to offset the loss from the race track parking.

If the track does open up for fans, operating the upper deck as well will offset revenue for closing the two days a week.
