CALL TO ORDER

Mayor Kim called the meeting to order at 6:58 p.m.

PUBLIC COMMENT

Mayor Kim advised there are new rules to public comment. People have 2 minutes to use or lose it. He asked all to be kind; we are a community. He also asked the speakers to be factual. The Council members may respond if they choose. He will also be starting a question period at the end of the City Council meeting. The public must register to present their questions.

Mayor Kim opened the public comment period at 6:59 p.m.

Rose Tate of Saratoga Springs stated she attended the workshop meeting about Union Avenue and Lincoln Avenue. Lincoln Avenue is suffering collateral damage due to the Union Avenue project. She was told that the workshop was on Union Avenue only and the people there didn’t want to hear anything regarding
Lincoln Avenue. The traffic study information was wrong as Labor Day was used in the study. By that time, the races are over and people have left. The subject of bikers came up and bikers are also motorcyclists. The facilitator of the workshop made it clear that motorcycles would be welcome. The man running the meeting went table to table to obtain comments, but when he approached her table he stated he was closing the meeting. If the Commissioner of Finance wasn’t there, she wouldn’t have been able to say anything.

Chris Mathiesen of Saratoga Springs submitted a response to the Council (attached) of Commissioner Montagnino’s report on Darryl Mount. He thanked Commissioner Montagnino for defending the police during the last City Council meeting. The police are well trained. Lieutenant Jillson retired last week after 33 years with the department. He was well experienced, did well for the department, and wished him the best.

Tracy Krosky of Halfmoon stated speaking here is high anxiety for her. She feels if she can find the right words, the Council will see the humanity of the Saratoga Black Lives Matters organizers. She loses hope with each meeting she attends that the Council will see them as anything other than people that need to be dismissed because they make the Council feel uncomfortable. The statements made by Commissioner Montagnino at the last meeting were outright racist saying the Saratoga Springs Police Department are not like the ‘thugs’ that killed Tyrne Nichols. Mayor Kim moved at the speed of light to make sure hateful parents of Spa Catholic felt heard. The superintendent of the Albany Catholic Diocese made himself look like a hearo because he was brave enough to speak in front of black people who support the unhoused. It is shameful that the Council still feels Darryl Mounts injuries are not consistent with a beating.

Jaime McCallion of Saratoga Springs stated it was said at the last meeting the Saratoga Spring Police are trained with de-escalation tactics and know how to handle peaceful protesters. If that is correct, why in the summer of 2020, when a group of high school students formed a peaceful protest, SWAT teams were positions around Saratoga for the protest.

Adrian Antolini of Saratoga Springs stated it is baffling to see the more people talk and when it gets a little louder, the cop walks in the room. When people are involved, things escalate as people emotions are heightened. It doesn’t create a sense of safety but a sense of threat. If you are standing for the housed, black lives, or homeless you are standing for the root cause.

Paul of Zephyr Lane Saratoga Springs stated the community relies on truth and called this a democracy. This is not a democracy; this is a republic. Along with defunding the police, EMTs and firemen should be defunded.

Alexis Brown of Saratoga Springs stated her boyfriend stated he was scared when he realized the police were following them. He is unable to speak about that night. Alexis wonders what would have happened if she hadn’t told him to keep driving and get to her mother’s house and if they had pulled over instead. Is terrorizing a young black man to the point he has a panic attack a part of Saratoga Springs Police Department’s implicit bias training? If training was completed as claimed, why did this happen?

Elz Figuereo of Saratoga Springs and Saratoga Black Lives Matter asked why we are in a small room when the Council knows there will be a lot of people coming to speak. It is trauma bringing everyone back in this room. Commissioner Montagnino likes to say there is a lot of training and would like to see data on training including money in the budget for training. They believe in their First Amendment Right to be able to speak. When Catholics speak, it matters to the City Council. The City Council gaslights them.

Mayor Kim tried to close the public comment period.

Samira Sangare of Clifton Park stated what needs to be done is stop saying stuff........

Mayor Kim attempted to close the public comment period at 7:22 p.m.
Mayor Kim moved and Commissioner Montagnino seconded to recess at 7:22 p.m.

Commissioner Moran asked what approvals are outstanding.

Commissioner Sanghvi stated it appears legal and risk and safety have not yet approved.

Commissioner Montagnino stated his understanding is the outstanding approvals deal with other fire departments that would be sending students to the City’s training facility and risk and safety believes those departments need to be insured on their own.

Tony Izzo, city attorney, advised that is correct. He thought he approved it. Commissioner Montagnino confirmed the agreement could be signed, but the invitation to other departments can’t happen.

Tony Izzo stated that is correct. Insurance documents are needed to close the loop on that.

Commissioner Montagnino stated if the documents aren’t received, that limits participants from other departments from attending.

Commissioner Moran stated so the insurance needs to be provided up front before another department can participate.

Mayor Kim suggested a friendly amendment and Commissioner Moran seconded that proper insurance is required of participants to participate.
