Recording of Proceeding

The proceedings of this meeting were recorded for the benefit of the public and the secretary. Because the minutes are not a verbatim record of the proceeding, the minutes are not a word-for-word transcript.

Call to Order

Chairman DeLeonardis called the meeting to order at 11:00 AM.

Public Comment

Chairman DeLeonardis opened the floor up for public comment.

Donna Buckley, Saratoga Springs asked if the County Civil Service could represent the School District while the City retains the Civil Service as it is. She was advised that this action would be independent of the Charter and would be voted on by the public. There would need to be a lot of coordination and consent to be put on the ballot. Commissioner Madigan said it is an interesting idea. Chairman DeLeonardis said that this would be a good query for the Attorney General to comment on regarding HR, the secretary and Civil Service. This conversation should continue but not at the table.

End of public comment.

Discussion Items

Chairman DeLeonardis advised that this document was reviewed by Hodgson Russ and some additional, non-substantive, changes were suggested. Chairman DeLeonardis began by reviewing the 7 member document (attached). In section 1.3 a typo was corrected. Section 2.5
added “The” at the beginning of the sentence. 2.7 “no 2 members shall also be members…” the word “also” was removed. 2.9-2.10 the symbol § was substituted for the word “section” for continuity throughout the document. Text changes for Council members were made in the opening and concluding paragraphs to be the same for each Council member with the exception of calling out the specific functions which are shown in bold. Chairman DeLeonardis then read the opening and closing paragraphs for the Mayor. In 4.2.3 “financial policy” was changed to “Finance Policy”; 4.2.4 substituted the symbol for the word “section”; 5.4.1 Rec Commission the last sentence states that the Commissioner of DPW makes the appointment on advice and consent of Council. In 7.3.1 - substituted the symbol for the word “section”. In Title 11 – the IT Director was changed to read IT Administrator for consistency of the document. Commissioner Martin asked if this title change needed to be approved by Civil Service. Chairman DeLeonardis said it was not necessary. Commissioner Madigan said that discussions will be needed with PERB to remove the position from the Union. Deputy Shields asked if this was interoperated as a function. Chairman DeLeonardis said that it was a title because it is a department. Commissioner Madigan asked if budget language needed to be included like it is for Rec Department? Chairman DeLeonardis said no, Rec is called out because it is under DPW but both HR and IT are independent and left to policy to call out. Commissioner Martin asked if the appointment would be made on advice and consent of Council and does it supersede State Law? Chairman DeLeonardis said that yes it is made on advice and consent but no state law requirement.

Chairman DeLeonardis reviewed the changes made by Hodgson Russ (attached). They are non-substantive but are more for consistency and to provide clarity. Deputy Sharp asked if there was a question regarding Title 10? A discussion ensued but all were ok with it as it is. Chairman DeLeonardis said that all the suggested changes to this document will be incorporated into both documents backing out the 2 At-Large members; renumbering sections and voting only on real changes. There will be 4 documents submitted to the City Clerk – Proposed 5 Members clean draft; Proposed 5 Members redline; Proposed 7 Members clean draft; and Proposed 7 Members redline. Commissioner Madigan said that she needs to review the added language to the budget section 14.1 to be sure what budget is being referred to. A discussion ensued about the budget process and the names associated with each stage before and including adoption. Commissioner Scirocco asked if the duties of the At-Large members would be defined in the Charter. Chairman DeLeonardis said that the At-Large members would have all the legislative duties and obligations of the City Council but they would have no administrative duties. Commissioner Madigan asked for a 5 minute recess at 11:34 AM to continue the discussion regarding the budget.

The meeting resumed at 11:40 AM. Chairman DeLeonardis advised that Commissioner Martin made the suggestion that Title 8, which would address the At-Large members, be included in the 5 member document as Title 8 (Reserved). That would eliminate any need for renumbering and avoid confusion when discussing sections in both documents. Dick Weisz agreed that it would be less confusing. Chairman DeLeonardis again said that the vote needs to happen today so we can meet the filing deadline. Deputy Shields asked if the documents should contain a defined process for the transition? Chairman DeLeonardis said that the 2001 Charter did not identify a team and the Council will make the changes for each department. Deputy Sharp clarified the naming of the budget as it is referred to in the documents. Remove “Comprehensive” in 14.7 to 14.10. The discussion continued about the process and wording to use for clarity. Chairman DeLeonardis will add “proposed” to 14.6 and remove “Comprehensive” from 14.7 & 14.10. so
with that and the suggestion of Title 8 that Commissioner Martin suggested, Chairman DeLeonardis made the following motion: Move that the Commission approve the 5 member and 7 member drafts as discussed with the amendments articulated. Second: Commissioner Peter Martin. Approved: All. Motion passed.

The next item for discussion is the Report which outlines what was changed and why and what was not changed and why. Commissioner Martin said that the last sentence “The remainder of the Title is unchanged as the Commission determined that no efficiencies or organizational improvements could be achieved by further amendments.” doesn’t reflect the standard that was applied. All decisions and votes were in context of the mandate from the Mayor to stay within the form of government. The document going to the public should be shorter. Chairman DeLeonardis said that the original draft that he did, did not include this language. Bob McLaughlin suggested this to detail what was changed and why and what was not changed and why. Dick Weisz said that this is the language that the Court sited but if it is not the Commission’s finding it should be removed. A discussion ensued and it was determined that the sentence would be removed and a clarifying sentence would be added at the end. Dick Weisz said that putting it at the end is ok. Commissioner Madigan suggested that some wording should be added to advise that Civil Service will be looked at in the future. Chairman DeLeonardis said he would add language in Title II for more detailed review. He was advised that the two ballot questions should be submitted separately. Dick Weisz said that the language for ballot 1 was taken right from the statute and question 2 addresses the amendment of the 2 members and is dependent on question 1 being approved. Deputy Shields asked if the document should call out where the functions previously existed and suggested that the new titles should show where they came from. Chairman DeLeonardis advised that this is not the public educational document. It is to be filed with the City Clerk. Dick Weisz said that this document reflects what was voted on. Other pieces can contain more details. Commissioner Martin said that Title 14 show (Mayor) and should be done for other departments. Deputy Shields said her point was the organizational reflection for efficiencies. Chairman Scirocco asked if the names showing on the end of the documents could be updated to reflect his name as – Anthony J. “Skip” Scirocco. Everyone agreed that the names indicated should be formal. The document will be amended to show formal names. The discussion concluded and Chairman DeLeonardis made a motion: To approve the Report to be submitted to the Clerk. Second: Commissioner Michele Madigan. Approved: All. Motion passed.

Dick Weisz reviewed the filing requirements: File with the City Clerk this afternoon if possible, or tomorrow morning: the 2 versions of the Charter with both clean and underlined copies, final Commission Report and 2 Ballot questions (each on a sheet of paper). The Commission may want to issue a statement with more details but it is up to you. You may want to make a formal Press Release to highlight changes. Chairman DeLeonardis said the intent was to provide a press release to announce that it is filed and where to find it for review. Should a Public Notice be done as well? Dick Weisz said a notice is a good idea and may want to add where to view. Press release couldn’t hurt. Commissioner Madigan said to walk a copy over to the Library. Putting binders together for the polling places and other distribution methods were discussed. Dick Weisz suggested calling the County Clerk to see how they want to receive the information. Commissioner Martin asked about a financial report. Dick Weisz said that since no significant financial impact could be identified that information could be included in the Report. Chairman DeLeonardis asked if everyone was comfortable with him making the addition to the Report. All were.
Chairman DeLeonardis opened the floor public comment.

There was no public comment.

Next meeting on 9/12/18 @ 3:00 PM  
Chairman DeLeonardis adjourned the meeting at 12:33 PM.

Respectfully submitted by Trish Bush.

THIS REPORT TO THE PUBLIC OF THE 2018 CHARTER REVIEW COMMISSION ("Report") accompanies the proposal by the 2018 Charter Review Commission to (i) amend parts of the current City Charter for the City of Saratoga Springs (last amended in 2001) and (ii) leaving the remainder of the City Charter unchanged. This Report is submitted in accordance with the requirements of Section 36 of the Municipal Home Rule Law.

INTRODUCTION

Pursuant to Section 36 of the Municipal Home Rule Law, the 2018 Charter Review Commission was established by the Mayor of the City by Certificate of Appointment dated March 7, 2018 for the purpose of reviewing the current City Charter and making recommendations to revise the City’s existing charter. The Certificate of Appointment stated that the Commission’s goal “will be to find efficiencies and organizational improvements within the current form of government to better serve the people of Saratoga Springs.”

Since establishment in 1915, the City has operated under a commission form of government, consisting of a five member City Council each with the authority to serve both as a legislator on the Council and as the head of one of five distinct administrative departments (Mayor’s Office, Department of Finance, Department of Public Works, Department of Public Safety, Department of Accounts).

The 2018 Charter Review Commission members met on eighteen (18) occasions, including two (2) work-shops and two (2) public forums (The dates of these meetings, work-shops and public forums are attached to the end of this Report in the Appendix. The minutes of each of these meetings, work-shops and public forums have been filed in the Office of the City Clerk); the 2018 Charter Review Commission submitted questionnaires to designated City employees, former City Council members and deputies; conducted numerous interviews, through a sub-committee, including with the County Supervisors, the Chair and the Secretary to the Civil Service Commission, the Director and an appointee of the Recreation Commission, the Chair of the 2000 Charter Review Commission, a member of the 2017 Charter Review Commission¹, and community members. The Commission also provided for and received public comment during its meetings, submitted and received responses to an informal survey and commissioned a formal survey to which 250 residents provided responses.

The 2018 Charter Review Commission conducted a section-by-section review and analysis of the entire City Charter. Accompanying this Report is an amended City Charter which proposes certain revisions and amendments which are intended to further the purpose for which the 2018 Charter Review Commission was established: to find efficiencies and organizational improvements within the current form of government to better serve the people of Saratoga Springs. The proposed amendments are further intended to improve consistency and readability of the Charter, provide greater clarity of functions, update obsolete language, improve transparency and accountability, increase flexibility of City operations and enlarge opportunities for the public to participate in City government. The 2018 Charter Review Commission’s

proposal, which will be submitted to the voters at this year’s 2018 general election on November 6, 2018, includes:

1. Renumbering and reorganizing of certain sections of the current Charter, without substantial revision in text.
2. Amendments to the existing Charter, including new sections to Charter.
3. A separate and distinct amendment, which will be submitted to the voters as a separate question on the ballot, providing for two (2) additional members of the Saratoga Springs City Council. These 2 members would be elected by the public to serve as legislators only, and would have no authority to supervise or administer any city department or entity.

**Appendix and Glossary** – Removed from Charter as unnecessary and duplicative.

**3. AMENDMENT TO ADD 2 ADDITIONAL COUNCIL MEMBERS**

The Charter Commission was aware of significant public concerns that the many responsibilities of the current five council members may prevent qualified citizens from seeking public office. The commitment to serve as a local legislator, together with the need to administer and supervise the daily work of a busy municipal department, can effectively discourage people who want to serve their community and who undoubtedly have much to offer. The Commission
determined that the addition of two (2) Council Members-At-Large, who would have legislative responsibilities only, would respect both the concerns of those who wanted to see greater opportunities for local government service and of those who wanted to keep those officials who administer daily government services directly accountable to the public through the electoral process.
