Proposal Abstract – please provide a *brief* overview of your proposal *including the number of persons that will be served* with this grant in the space below:

To address the high priority of the CDBG to rehabilitate existing housing to: Improve code compliance, safety and energy efficiency of substandard housing and to accomplish more substantial and “whole-site” improvements, The Saratoga Affordable Housing Group (SAHG) is requesting \$48,950 to make these improvements at the Allen Drive Apartments.

These repairs and rehabilitation of the units will insure safe, decent, affordable housing for low to moderate income individuals and families in the City of Saratoga Springs while creating a safe and healthy environment for those we serve.

Through these proposed activities we will be able to eliminate household displacement while preserving the City of Saratoga’s low to moderate income housing stock.

The requested funds will provide services to the 33 tenants that reside in 15 units.

Please respond in writing to each of the following (add additional pages as necessary):

1. ACTIVITY DESCRIPTION

Provide a detailed description of your proposed activity. In this description, provide responses to the following items:

A) Identify whether the activity is new, ongoing, or expanded from previous years.

Parking lot replacement- This is a new activity. The parking lot at 36 Allen drive is in very bad condition. It is porous pavement that was installed when the building was developed. The pavement has disintegrated into rubble, creating a hazardous condition for the tenants. Due to drainage issues on the property the porous pavement was required.

When driving on it, stones and debris literally fly around. When the snow plow come through it worsens.

In addition, there are not enough parking spots for the tenants who reside there. There are 14 units and 15 spots.

This is creating a hazardous situation for the tenants, guests and others who have business on the property. While they could get hurt, have their vehicles damaged, it also creates a potential for law suits to be filed against SAHG.

We are requesting funding to Remove the existing porous pavement, add fine grade stone sub base, compact the sub base then install 3 inches of porous pavement following a compaction of the poorest pavement.

We will also widen the existing lot to fit two more spaces. It will require digging up approximately 2 feet of grass and installing 4 to 5 inches of crushed stone. The cost of this much needed project will be \$36,450.

Painting- 5 of the units need to be painted. To paint each apartment is \$2,500 for a total of \$12,500. This is an ongoing activity.

B) Describe the community need that your activity is intended to address and how your activity will address that need. Provide evidence that this need is currently not being addressed through existing programs or activities.

Affordable housing continues to be a great need in the City of Saratoga Springs. These activities will address that need by ensuring the units remain safe, decent and affordable. The parking lot replacement will ensure the safety of the tenants, visitors and others who have business on the property.

Preserving affordable housing is an obvious first step in meeting the city's rental supply needs. Our intent is to "preserve" and "improve" these units so that we can avoid household displacement for low to moderate income tenants.

This work will meet the City plan to rehabilitate existing housing to: Improve code compliance, safety and energy efficiency of substandard housing and to accomplish more substantial and “whole-site” improvements,

This is existing housing, owned by SAHG. There are no other programs, activities or funding addressing these activities.

C) Identify who will benefit from the proposed activity. If the activity is designed to benefit:

C-1) individual persons of low- to moderate-income, describe the process you will use to identify these persons and determine their income eligibility and the number of persons you expect to serve.

C-2) the inhabitants of a predominantly low-moderate income area, identify the Census Block Group in which the activity is located.

C-3) designed to benefit a low-moderate income “limited clientele”, identify the “limited clientele” group.

Individual persons and families of low to moderate income will benefit from the proposed activities. The targeted population is identified by referrals to the apartments. These referrals are made to SAHG from the Saratoga Housing Authority, who manages the Section 8 voucher program for the City of Saratoga, Homeless Shelters, the EOC, and Veterans & Community Housing Coalition (VCHC) as the manager of the Section 8 Voucher Program for Saratoga County, other providers and through individual application. A Memorandum of Understanding is maintained with all referring agencies. For the purposes of this application 14 households for a total of 33 persons will be served.

Income eligibility is determined by using the HUD calculation worksheet. Proof of income is required for all prospective tenants to calculate their eligibility and rent amount. As tenant’s income changes, eligibility is re-determined.

D) Identify your performance goals and the types of indicators you will use to document activity accomplishments and success. **(Examples should include: # of persons with new/improved access to services, # of affordable houses rehabilitated, etc.)**

Goal: To provide safe, decent affordable housing to low to moderate income households in the city of Saratoga Springs.

Success of this goal will be measured by the occupancy rate, eviction rate and success of the tenants residing there to maintain stable housing.

We will accomplish this by the proposed activities. The re-routing of the pipes will ensure a safe environment for the residents while protecting the building and tenants from damage and disruption. The painting and carpeting will ensure a clean environment for new residents and the sanitary garbage area will ensure a sanitary environment.

Accomplishments and success will be documented from the beginning and through every phase of each activity until completion.

The Facilities Director will submit a schedule of activities each week to Cheryl Hage-Perez, Executive Director of the management company. She will report progress to SAHG on a monthly

basis. The Finance Director will submit a financial accounting of each activity monthly to the SAHG Board of Directors.

Quarterly reports will be submitted to the City on progress and funds expended.

- E) Provide an activity timeframe/schedule (include start, completion dates, and other significant performance stages).

We have secured bids for the proposed activities. If funding is awarded we plan to start activities in August 2020. We anticipate these activities to be completed by the end of May 2021.

- F) Identify whether the activity requires additional local, state or federal approval (license, permit, design/historic/environmental review, etc.). For construction/site development projects, provide evidence of site control.

A permit will be needed for the parking lot replacement. SAHG has ownership of the property.

2. ORGANIZATIONAL CAPACITY
